

Creating a Conference call from the CrossPath Mobile App

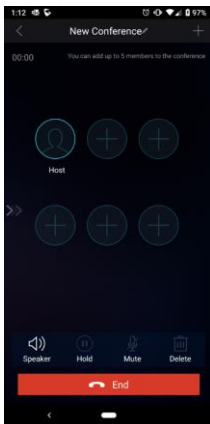

1. Open the GS Wave App
2. Press the Conf button at the bottom of the interface.

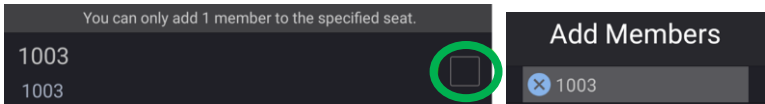

3. On the Conference screen, press the + button at the top right of the screen.

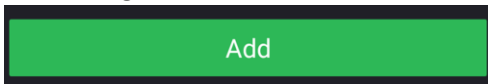

4. On the resulting New Conference screen, you can add up to 5 attendees to the conference call by pressing the + buttons to add someone to a seat.

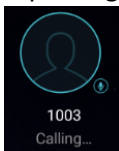

5. On the next screen, enter the phone number or extension you wish to call. Press the square to the right of the number at the top of the screen to add the number to the conference. The number will be added to the top of the screen and the bottom Add button will turn green.

6. Press the green Add button.

7. After the person is added it will start calling them. Once they are connected, you can add an additional call by repeating steps 4 through 6.

8. If you need to cancel a call to someone, such as getting their voicemail or no answer, press the Delete button at the bottom right and then press the little X that appears in the top right of the seat you wish to delete/cancel.
